

TEAM ID	PNT2022TMID27596
PROJECT NAME	University Admit Eligibility Predictor
DATE OF THE MEETING	08-11-2022

### MINUTES OF THE MEETING: SPRINT-3

- The code was implemented successfully in our project without any error.
- The deployment process was done successfully in the project.
- The code was checked properly and the codes were ready for the execution process.
- now the project is ready to launch.

The screenshot displays a Google Meet window with a presentation slide from IBM Watson Studio. The slide shows the 'models' section with a table of deployed models. The table has columns for Name, Type, Status, Assets, and Last modified. Three models are listed: 'university\_2' (Online, Deployed), 'university' (Sketch, Deployed), and 'university' (Online, Deployed). The 'university' model is highlighted. The meeting interface on the right shows a list of participants: DELANI RITHI SELES 191T047, ROHAN JEBARAJ 191T065, PRINCY JOSHNA MARY S 191T063, KANIMOZH K S 191T011, and You.

Name	Type	Status	Assets	Last modified
university_2	Online	Deployed	university	1 minute ago John Brice (You)
university	Sketch	Deployed	university	15 minutes ago John Brice (You)
university	Online	Deployed	university	16 minutes ago John Brice (You)
